

Pendant to Dome Light System

Key Features:

- **Activates Nearby Dome Lights**
- **Easy Installation**
- **Perfect for Facilities with Privacy Concerns**
- **Single or Multi-Colored Options**
- **4-Button Pendant Used for Situation-Specific Notification**
- **Low-Cost System**

The Visiplex Pendant to Dome Light System is a cost-efficient solution to install a notification/emergency light system at any facility.

When activated, the pendant will activate the nearby dome lights. The system supports an unlimited amount of dome lights.

If a 4-button pendant is used, each button can activate a different color of the dome lights to notify the type of assistance needed.
