

VNS2092 - Wall/Ceiling-Mount Strobe Light

The **VNS2092 Wall/Ceiling-Mount Strobe Light** is designed with a weather-resistant housing for indoor/outdoor visual alerts.

The VNS2092 is controlled by the **VNS2200** wireless audio/visual controller, which can set the strobe light to three modes: On, Off, or On with a pre-defined timeout.

The VNS2092 provides an alternative solution for applications where a hard-wired strobe light installation is impractical, or when a simple, reliable and cost-effective alternative solution is required.

Key Features:

- Uses High-Intensity Xenon Flash Lamp
- Weather-Resistant Housing
- Easy Indoor and Outdoor Installations
- Operates from 6 - 24V DC Power Source
- Controller Cable can Extend Up to 150' from VNS2200
