

VNS2098 - Wall/Ceiling-Mount Strobe Light

The **VNS2098 Wall/Ceiling-Mount Strobe Light** is designed with a weatherproof housing for indoor/outdoor visual alerts.

The VNS2098 is controlled by the **VNS2200** or **VNS2210** wireless audio/visual controller, which can set the strobe light to three modes: On, Off, or On with a pre-defined timeout.

The VNS2098 provides an alternative solution for applications where a hard-wired strobe light installation is impractical, or when a simple, reliable and cost-effective alternative solution is required.

Key Features:

- Uses 6 High-Power LEDs
- Weatherproof Housing
- Impact & Shock Resistant Lens
- Easy Indoor and Outdoor Installation
- Conforms to CSA C22.2 & ANSI/UL Requirements
- Controller Cable can Extend Up to 150' from Controller
