PageLink

VP-210 - Two-Line Alphanumeric Pager

VP-LC-4

The VP-210 Two-Line Alphanumeric Pager is designed to accommodate a wide variety of paging applications and environments.

The VP-210 supports 6 activation codes (ID's) for individual activation or membership activation in 5 separate groups. Creating groups provides the ability to activate multiple devices using a single transmission from a main wireless paging controller, such as the **VS4800** or **VNS5100**.

The VP-210 includes a carrying case, lanyard and battery.

Key Features:

• **Two-Line Alphanumeric Display Format**

• **Message Time Stamp**

• **Unread Message Reminder**

• **Low Battery Indication**

• **Adjustable LCD Contrast**

• **Backlight Display**

• **Out of Range Indication**

• **Date and Time Display**

• **Vibrate and Silent Modes**
