

VP-VOI-WD1 - Tone & Voice Pager

The **VP-VOI-WD1 Tone and Voice Pager** is designed specifically for hospitals and other medical applications.

The **VP-VOI-WD1** supports 15 activation codes (ID's) for individual activation or membership activation in 14 separate groups. Creating groups provides the ability to activate multiple devices using a single transmission from a main wireless paging controller, such as the **VS4800** or **VNS5100**.

The **VP-VOI-WD1** includes a carrying case.

Key Features:

- Loud Clear Audio
- 2-Tone Decoding Format
- 15 Activation Codes
- Priority Tone Alert
- Low Battery Alert
- Backlight Display
- Date and Time Display
- Vibrate and Tone Modes
